30 Day Post -General Report (10/14/2010-11/22/2010)

Dear Ms. Hannan:

This is in response to your letter dated April 14, 2011.

1. You indicated that aggregate contribution totals for Debra Hauser and Cindy Von Beran were incorrect as of 10/27/2010. However, your calculations did not include contributions received from both these women in the amount of \$500 from Ms. Hauser and \$250 from Ms. Von Beran on 6/30/2009 reported as contributions to the 2010 convention period. When you add \$500 to Ms. Hauser's contributions you reported from 2/22/2010 - 10/27/2010 the aggregate total is \$2250 as reported on the 30 Day Post-General Report. When you add \$250 to Ms. Von Beran's contribution reported by you on 10/27/2010 the aggregate total is \$500 as reported on the 30 Day Post-General Report.

2. You asked about the possibility that we reported duplicate 48-hour notices. It appears we did file two 48-hour notices for contributions received from American Dental PAC and American Optometric Association PAC. The first report was filed on 10/30/2010 at about 3:30 pm at which time we thought all contributions received on from 10/28 - 10/30 had been processed. We subsequently realized another contribution was received on the 30th but was not included on the 48-hour notice. A second 48-hour notice report was filed on 11/1/2010 which included all contributions received from the 30th through the first of November, including the two from the above mentioned PACs that had already been reported. Our campaign software pulls contributions for the 48-hour notices by date so there was no way to report one contribution received on the 30th without reporting all of them. We only received one contribution from each of these PACs on the 30th of October 2010.

Please let me know if you need additional information. Thank you for your consideration.
